## About the Sponsors

As a premier urology group in central Pennsylvania, we combine the expertise of 11 Urologists and five Advanced Practice Providers in multiple locations (Harrisburg, Camp Hill, Millersburg & Newport). Delivering on our commitment to provide the most advanced, accessible and responsive urologic care in Central Pennsylvania, we are now serving patients in our own ambulatory surgery center.

Our UCPA Surgery Center is the first urologic center in the region providing patients with state-of-the-art care in the comfort of an outpatient setting. We built the new facility to meet our community's need for high-quality, convenient and cost-efficient urologic care, and to provide the best possible patient experience and outcomes. Every aspect of the Surgery Center is designed to ensure the highest quality care and best experience possible, from convenient parking to the most advanced medical technology.

Our compassionate physicians, nurses and support staff have specialized training in urologic patient procedures and care. We are able to complete a variety of urological procedures including those that require local or general anesthesia as well.

ZERO - The End of Prostate Cancer is the leading national nonprofit with the mission to end prostate cancer. ZERO advances research, improves the lives of men and families, and inspires action. We're building Generation ZERO, the first generation of men free from prostate cancer, through our national run/walk series, education and patient support programs, and grassroots advocacy. ZERO is a 501 (c)(3) philanthropic organization recognized with four stars by Charity Navigator, accredited by the Better Business Bureau, with regional chapters across the country. We dedicate 85 cents of every dollar to research and programs. For more information, visit [www.zerocancer.org](http://www.zerocancer.org).
