

BLADDER OUT OF CONTROL? **WE CAN HELP**

Overactive Bladder (OAB) is a treatable condition

**OAB IS
EXTREMELY
COMMON**

**1 in 6
adults^{1,2}
has OAB**

It's more common
than vision
problems and
diabetes.^{3,4}

But it's not a normal
part of aging. And
you shouldn't have
to deal with it on
your own.
